and chairs for al fresco dining, also with an awning for protection from the sun. The poolside has plenty of sunbathing space and plenty of entertaining area, awning and lighting.

The BBQ has another spacious terrace for dining and entertaining. Generally, most villas do not have the benefit of having the pool on the same level as the main living accommodation, and with the extra dining and entertaining terraces. The house enjoys both sun and shaded seating. It would benefit from some updating but for the right person it is the location that is the most important factor.

With fabulous walking routes around the mountain and La Sella, with fabulous views and the villa has plenty of potential for personalising and making your own home.

Store room with access to the under build of the villa, separate pump room for the swimming pool.

Pedreguer town is just over a kilometre walk. The local shop, 2 x restaurants and pharmacy are in walking distance. Along with the tennis club, horse riding centre and Albarda gardens.
